DETAILED REPORT OF YOUR SALES

nexi ETRAX / IC

All transactions, all details – completely digital

Convenient, flexible and informative: with the ETRAX 3 / IC individual transaction list, Nexi offers you a detailed report of your transactions as a CSV file.

Would you like detailed information about every single sale? With ETRAX / IC, the electronic individual transaction list in your Nexi portal, you receive a comprehensive and detailed report of your sales as a CSV file.

This enables you to easily open your report in a spreadsheet program such as Microsoft Excel and edit it or import it for your accounts department – whatever works best for you.

You have complete flexibility with ETRAX / IC: you can choose between various delivery intervals and configurations.

You want to use ETRAX / IC? Then register for the Nexi portal, the online platform for our customers:

YOUR BENEFITS

- **Rapid availability and time savings:**
  there is no longer a need to scan and capture statements. Transaction data can be imported directly into your settlement system.

- **Online download:**
  simply download your ETRAX report from the Nexi portal. This saves time and you can access it any time you need it. Alternatively, we offer SFTP (Secure File Transfer Protocol) services for an automated transfer.

- **High degree of detail:**
  in addition to sales and fee items, your ETRAX / IC contains comprehensive information such as branch number, address and terminal ID on each transaction.

- **Great flexibility:**
  data can be easily edited in a spreadsheet. You can filter based on certain values and add up your sales – all according to your needs.
