

nexi SmartPOS A920

The latest generation of mobile smart terminal

As easy to operate as a smartphone. Its 5.5" full touch display and apps make the terminal intuitive to use and offer a wider range of features, including the option to integrate tips into the payment process. A multi-network SIM card is included as standard for taking payments on the go.

**SMART TERMINAL
WITH INTEGRATED
PRINTER**

ADVANTAGES AND FEATURES

- The next-generation smart terminal can be used like a smartphone, with the same design and features
- The brilliant 5" full touch display is significantly larger and has a higher resolution than conventional terminals, for ease of use
- Large battery capacity of 5250 mAh for maximum battery life
- The payment app switches from Wi-Fi to mobile data automatically, for unbeatable flexibility and reliability
- A multi-network SIM card plus data are included as standard
- Extra features can be added with apps from the Nexi app store
