

Easy to operate

Connection made easy

Concardis Lane 5000

Visually appealing terminal with a clear operational structure and the latest technology. Expand the payment methods you offer through the diverse range of optional additional services. Benefit from the optimal connection to your checkout system.

With the high-resolution touch display and the clear operational structure, the Concardis Lane 5000 supports you in your daily card payment business. Payments made by smartphones equipped with contactless technology can be processed simply and quickly using the contactless reader. Connection to your checkout system is done via the powerful one-cable connection, and the fast processor ensures long-term security.

Your benefits

- Powerful 64-bit processor
- Connection to your checkout via ZVT or
- OPI interface
- Customer-friendly positioning of the contactless reader

About Concardis

Concardis is a leading provider of digital payment solutions with 1,100 employees and more than 116,000 customers in Germany, Austria and Switzerland as well as south-eastern Europe. As part of the Nets Group, a leading payment provider in northern Europe, we are working towards the future of payment. With innovative payment solutions for the stationary point of sale and online retail as well as

attractive extra services, we enable merchants, service providers and financial institutes to take advantage of the digitisation of payment and business processes.
