

Card payment transactions with future security

Experience mobility

Concardis Move 5000

Visually appealing terminal with a clear operational structure and the latest technology. Can be used flexibly through the integration into your existing Wi-Fi network or the use of mobile GPRS technology. Also available as a Bluetooth terminal. Switches automatically between networks depending on signal

With the high-resolution touch display and the clear operational structure, the Concardis Move 5000 supports you in your daily card payment business. With the customer-friendly positioning of the contactless reader, even payments made with NFC-enabled smartphones are easy to manage. The terminal can be used flexibly thanks to communication via Wi-Fi, Bluetooth or mobile service. The fast processor and the large memory ensure that your terminal is secure over the long term.

Your benefits

- Powerful 64-bit processor
- Automatic switching between Wi-Fi and mobile service
- Also available as a Bluetooth version
- Touchscreen

About Concardis

Concardis is a leading provider of digital payment solutions with 1,100 employees and more than 116,000 customers in Germany, Austria and Switzerland as well as south-eastern Europe. As part of the Nets Group, a leading payment provider in northern Europe, we are working towards the future of payment. With innovative payment solutions for the stationary point of sale and online retail as well as

attractive extra services, we enable merchants, service providers and financial institutes to take advantage of the digitisation of payment and business processes.
